FORD TRIAL ON MONDAY

Judge Cole Refused to Postpone the Case.

EARNEST PLEA OF COUNSEL

Messrs. Peter and Donaldson De clared Their Wish to Maize a Proper Defense and Sought Two Weeks' Delay-The Missing Father of the Murderer Has Been Located.

An ineffectual effort was this morning made by Messrs. Arthur Peter and J. Newton Donaldson, the young lawyers apnted to defend Irwin Ford, the murderer of Elsie Kreglo, to have the prisoner's trial postponed for two weeks from next Monday, the day originally set for the hear-

Judge Cole, before whom the motion was made, said he could see no necessity for the delay, and consequently refused it. The proceedings demonstrated the young lawyers' determination to make a game fight for their brutal client, as well as the purpose of District Attorney Birney to press the case with all possible speed. Some time after court had convened Messrs. Peter and Donadson appeared before the tribunal to make their plea.

Mr. Birney had already waived the cus Mr. Peter read a petition sworn to be fore the clerk of the court, in which the lawyers asked for the continuance of two weeks, because of the brief time they had been given in which to prepare for

trial. The motion for postponement was made in the best of faith, the petition stated, and not for purposes of mere delay. "Though our citent was arraigned last Monday afternoon," continued Mr. Peter, after reading the paper, "we were not assigned to the defense until almost the close of the working day. Tuesday. Mr. Donald-son was busy all day yesterday, and we have held no consultation together or with Ford. We expect to talk with him for the first time this afternoon.

NOT FOR PURPOSES OF DELAY. "As stated in our petition, we make the motion not for the mere purpose of delay, but because we honestly believe we cannot prepare a defense in the short time given us.

"Schneider was given twenty-one days be ween the date of his arraignment and the beginning of his trial. He had counsel long before his arraignment and had plenty of money to construct a defense. Ford has no money, and we will have to take the time ourselves that in many cases others could be hired to take.

"There are only three days between now and the date of trial. It will probably take two weeks to try the case, and surely there can be no reasonable objection to a postponement. He certainly has some defense, though I do not know now what that defense shall be, and he is cutiled to have it carefully prepared."

A quadrangular discussion between the judge, District Attorney Birney and the

two lawyers followed.

two lawyers followed.
"If it is important to a prisoner that he be given the constitutional speedy trial," said Mr. Birney, "it is also important to the public. Your honor is aware of the horrible circumstances of this case. It is necessary that we have a speedy trial, and the prisoner is not warrants i in having a longer delay than is essential to prepare a de-fense. Such a space of time as asked is not necessary.

MR. BIRNEY'S OBJECTION.

"The fact that the prisoner pleaded guilty when arrangeed must be taken into con-sideration. There is no showing made of cause of delay other than that my friends are young and inexperienced attorneys. They admit they cannot outline a de them for inspection, and my office will be glad to assist them in every way possible. With a thorough appreciation of the gray-ity of the case I protest against delay."

"But there are many points of law in-volved," suggested Mr. Donaldson, "on which we should have time to post our-selves. I refer especially to the laws of confession. My associate and myself only know of this case through the newspirers. We must see Ford, his friends and relatives

We must see Ford, his friends and relatives and inquire of his antecedents."

This last expression was the first open statement made by counsel in infimation that insanity would be one of the pleas for the murderer's life, as has already been stated in The Times. The court itself infimated the same thing, when, an instant the same thing, when, an instant these its incorrect that transfer could be hater, it announced that friends could be found to look after those details, and there would be no recessity of counsel journeying to the prisoner's home, near Burnt Mills. "Yes, but when a man is down he hasso

"Yes, but when a man is down in mission no friends," interrupted Mr. Peter.

"As far as I can see, there are but three things to be taken into consideration by the defense," said Judge Cole. "Those are the prisoner's sainty, identity and the confessions. You have practically almost a week's time, however. It is not at all probable that a jury will be completed on Monday, for no little differance may be expressed. that a jury will be completed on Montaly, for no little difficulty may be experienced in empaneling one, because of the promi-nence given the crime through the news-papers. The same experience may be ex-pected on Taesday, and the case will not be fairly begun until Wednesday morning. "Your assignment to the case did not in-table, your traveling in the country to volve your traveling in the country to work up evidence. The process of the court will be at your disposal to bring witnesses to you. I can see no necessity for the delay, and will have to say let the case stand for trial on Menday as assigned."

OLD MAN FORD'S WHEREABOUTS. The alleged mysterious disappearance of Richard Ford, the father of the murderer, was explained today by some officers who made an investigation into the matter. The old man has simply gone on a visit to some relatives in the same county.

The Ford house was such an object of curiosity to all who found themselves in that neighborhood, and he was made to answer so many questions, that he was unable to endure fiving there any longer. He has a brother and a wide wed sister living further

up in Montgomery county, and a few days ago be determined to go and stay with them until the case came up.

Cleveland, Ohio, May 14.- The general onference of the Methodist Church met at 8:30 a. m. today with Bishop Mallalicu in the chair.

The reports of the committee on episcopacy were presented by the Rev. Dr. Buckley. Report No. 1 recommended the retire ment of the senior bishop, Thomas W. Bow man, and of Hishop Randolph S. Foster on account of non-effectiveness.
